

SAFETY DATA SHEET

PP 600 Primer

The safety data sheet is in accordance with Commission Regulation (EU) 2015/830 of 28 May 2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

SECTION 1: Identification of the substance / mixture and of the company / undertaking

Date issued 12.11.2014

Revision date 14.12.2020

1.1. Product identifier

Product name PP 600 Primer

Article no. 60010, 60012, 60014

GTIN No. 7350007770363, 7350007770370, 7350007770370

1.2. Relevant identified uses of the substance or mixture and uses advised against

Product group Flooring.

Use of the substance / preparation Primer for self levelling underlayments and toppings. Indoor or exterior applications. Not for construction molding etc. Always get advice from supplier before considering other use than recommended.

Uses advised against Consult the publisher of this sheet if other than recommended uses are considered.

Professional use Yes

Consumer use Yes

1.3. Details of the supplier of the safety data sheet

Company name Combimix AB

Postal address Verkstadsvägen 6

Postcode S-746 40

City BÅLSTA

Country Sverige

Telephone number +46 17146 65 90

Email miljo@combimix.se

Website www.combimix.se

Enterprise No. 556614-8929

1.4. Emergency telephone number

Emergency telephone	Telephone number: 112 Description: Call in case of emergency.
	Telephone number: 111 Description: Call in case of medical non-emergency.

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

CLP classification, comments	Not classified
CLP classification, notes	Not classified
Substance / mixture hazardous properties	None known.

2.2. Label elements

Tactile warnings	No
Child-protection	No

2.3. Other hazards

PBT / vPvB	No such ingredients in this product.
------------	--------------------------------------

SECTION 3: Composition / information on ingredients

3.2. Mixtures

Description of the mixture	Mixture of styrene acrylate polymer and water.
----------------------------	--

SECTION 4: First aid measures

4.1. Description of first aid measures

General	By avoiding direct contact with the product most discomforts will be prevented.
Inhalation	Move person to fresh air.
Skin contact	Remove contaminated clothes and wash before reusing. Wash skin with soap and water.
Eye contact	Do not rub eyes. Remove contact lenses if present, and easy to do. Flush eyes by rinsing with plenty of water. Seek medical attention if irritation persists.
Ingestion	Do not induce vomiting. Drink water. If discomfort persists call a physician.

4.2. Most important symptoms and effects, both acute and delayed

General symptoms and effects	Data lacking.
Acute symptoms and effects	None.
Delayed symptoms and effects	Data lacking.

4.3. Indication of any immediate medical attention and special treatment needed

Separate first aid equipment	See to that eyewash equipment is easily accessible when working with the product. When contacting a physician, take this safety data sheet with you.
Other information	Vid misstanke om kvarstående problem ska läkare kontaktas.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media	The product is non-combustible.
------------------------------	---------------------------------

5.2. Special hazards arising from the substance or mixture

Hazardous combustion products	In case of fire, harmful flue gases can develop.
-------------------------------	--

5.3. Advice for firefighters

Personal protective equipment	In case of inadequate ventilation wear respiratory protection.
-------------------------------	--

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures	Avoid direkt contact with the product.
Personal protection measures	Covering clothes.
Protective equipment	None in particular.
For emergency responders	Covering clothes.

6.2. Environmental precautions

Environmental precautionary measures	Avoid spreading to sewers, drainage systems, streams and similar.
--------------------------------------	---

6.3. Methods and material for containment and cleaning up

Clean up	Use absorbent material for wet product. Collect in suitable container.
----------	--

6.4. Reference to other sections

Additional information	See section 13 for waste disposal.
------------------------	------------------------------------

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Handling	Avoid eye contact, transport in sealed container.
----------	---

7.2. Conditions for safe storage, including any incompatibilities

Storage	Store frost-free and out of reach of children and pets.
Conditions to avoid	Not determined.

7.3. Specific end use(s)

Specific use(s) See section 1.

SECTION 8: Exposure controls / personal protection

8.1. Control parameters

Control parameters comments Not determined.

8.2. Exposure controls

Safety signs

Precautionary measures to prevent exposure

Appropriate engineering controls No special precautions.

Eye / face protection

Suitable eye protection Tightly sealed goggles.

Hand protection

Suitable gloves type Hand protection not required. Suitable gloves.

Skin protection

Skin protection remark Covering clothes.

Respiratory protection

Respiratory protection, comments Vapors are not considered dangerous.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state	Liquid.
Colour	White.
Odour	Not known.
pH	Status: In delivery state Value: = 8,5 – 9,5

9.2. Other information

Physical hazards

Miscibility Miscible with water.

Content of VOC

Method: These values are calculated according to following VOC definition: any organic compound having a boiling point less than or equal to 280 °C measured at a standard pressure of 101,3 kPa.

Comments: Estimated VOC content of product as supplied is 16,04 g/L
Estimated VOC of product without water is 34,5 g/L.

SECTION 10: Stability and reactivity

10.1. Reactivity

Reactivity Solidifies to a soft plastic-like film

10.2. Chemical stability

Stability Stable as long as properly stored.

10.3. Possibility of hazardous reactions

Possibility of hazardous reactions None to expect.

10.4. Conditions to avoid

Conditions to avoid None in particular.

10.5. Incompatible materials

Materials to avoid Not known.

10.6. Hazardous decomposition products

Hazardous decomposition products None.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Other information regarding health hazards

General	Not considered hazardous. Long term or frequent exposure can cause dry and irritated skin to sensitive people.
Skin contact	Not considered hazardous. May cause irritation to sensitive people.
Eye contact	May irritate eyes.
Ingestion	Discomfort and irritation of the digestive system if you swallow large amount (a mouth full).
Sensitisation	Not considered as sensitizing.

SECTION 12: Ecological information

12.1. Toxicity

Ecotoxicity Not classified as hazardous to the environment.

12.2. Persistence and degradability

Persistence and degradability description/evaluation	Not relevant.
--	---------------

12.3. Bioaccumulative potential

Bioaccumulation, comments	Not relevant.
---------------------------	---------------

12.4. Mobility in soil

Mobility	Not relevant.
----------	---------------

12.5. Results of PBT and vPvB assessment

Results of PBT and vPvB assessment	No such ingredients.
------------------------------------	----------------------

12.6. Other adverse effects

Additional ecological information	Not considered ecotoxicological.
-----------------------------------	----------------------------------

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Appropriate methods of disposal for the contaminated packaging	Empty and clean package is left for recycle.
EWC waste code	EWC waste code: 080112 waste paint and varnish other than those mentioned in 08 01 11 Classified as hazardous waste: No
Other information	Not hazardous waste. Do not dispose in sewers systems and surface waters. Empty and well cleaned containers/bottles can be sent to combustion or sorted as plastic.

SECTION 14: Transport information

Dangerous goods	No
-----------------	----

14.1. UN number

14.2. UN proper shipping name

14.3. Transport hazard class(es)

14.4. Packing group

14.5. Environmental hazards

14.6. Special precautions for user

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations / legislation specific for the substance or mixture

Other labelling requirements	None.
Nanomaterial	No
References (laws/regulations)	European waste catalogue, CLP, Classification, Labelling and Packaging, (EC) nr 1272/2008

15.2. Chemical safety assessment

Chemical safety assessment performed	No
--------------------------------------	----

SECTION 16: Other information

Abbreviations and acronyms used	CAS: Chemical Abstract Service. CLP: Classification, Labelling and Packaging TWA: Time Weighted Average (8 hours) TLV: Threshold Limit Value EWC: European Waste Catalogue. GHS: Globally Harmonized System.
Revision justification	Change in composition of the mixture (addition, deletion, substitution of component).
Version	4
